Not Symptoms, But the Disease

It would seem to be a truth appreciable by all, and especially by professors of the healing art, that to remove the disease, not to alleviate its symptoms, should be the chief aim of medication. Yet in how many instances do we see this truth admitted in theory, ignored in practice. The reason that Hostetter's Stomach Bitters is successful in so many cases, with which remedies previously tried were inadequate to cope, is attributable to the fact that it is a medicine which reaches and removes the causes of the various maladies to which it is adapted. Indigestion, fever and ague, liver complaint, gout, rheumatism, disorder of the bowels, urinary affections and other maladies are not palliated merely, but rooted out by it. It goes to the fountain head. It is really, not nominally, a radical remedy, and it cures the system with an amount of vigor which is its best protection against disease.

THERE IS A MEANS OF ERADICATING local disease of the skin that can be relied on, viz: GLENN'S SULPHUR SOAP. HILL'S HAIR AND WHISKER DYE, black or brown, 50c.
